*This event is presented by the Morton Cure Paralysis Fund. It is FREE and open to all who care about a cure for paralysis ... the injured, family, friends, and medical professionals — please join us!*

**Dr. Wise Young** will join us via a two-way video conference. He will provide an update on worldwide progress in the search for a cure for paralysis. He has also recently returned from China where he was gathering data on his clinical trial network for spinal cord injuries. Dr. Young will share his experiences in organizing clinical trials in China and discuss implications for the United States.

Keynote speaker, **Jenni Taylor** will speak about the importance of advocacy for those living with paralysis. Her personal story and hope for the future will inspire all.
